Dear Sirs ,

I am writing on behalf Castlemaine Harbour Co-Op Society Ltd and the Landing Facility Sub-Committee. We are asking Kerry County Council to incorporate an objective in their Draft Development Plan as follows:

THE PROVISION OF A LANDING FACILITY TOGETHER WITH THE NECESSARY INFRASTRUCTURE FOR THIS FACILITY IN THE CROMANE AREA .

Successive Ministers with responsibility for the Department of the Marine have given their support for this project but have indicated that Kerry County Council must make the necessary applications for such a project.

The Kenmare District Committee have voted, in support of this project..

Kerry County Council have given their support for this project and recorded a vote in support of same.

T.D'S and Senators representing Kerry have signed letters in support of this project.

We are asking that KCC, to develop a Road Map which will involve all the relevant stake holders in the process that will provide this critical piece of infrastructure in the Cromane Area and incorporate the facility of the Brexit Adjustment Fund in their efforts.

Signed *Patrick Casey*

Patrick Casey Chairperson of Landing Facility Sub Committee
